

Frequency Range:  
400-5000 cm<sup>-1</sup>

Spectral Resolution: 0.125 cm<sup>-1</sup>

Beamsplitters:  
KBr (375 - 7000 cm<sup>-1</sup>)

Detector: DTGS

Source:  
IR (Globar)

Location: Beamline 1.4

Accessory:

Single bounce attenuated total reflectance (ATR)

This bench is currently not connected to the synchrotron and is available for use without approved beamtime.
